

Rome bench. Exotic wood bench. The structure consists of 2 supports in painted cast iron, dark grey colour, with an anatomical shape; 170 cm length. It is equipped with ten varnished wood planks, inserted in the bench structure and fixed through 3 steel rods. The wooden planks are treated with high penetrating stain and with wax-based varnish, water-dilutable, particularly ideal for external use thanks to special protective filters against UV rays. Anchorage system: to be fixed on the ground. Supplied in an assembly-kit. Treatment of the supports with anti-rust primer. Powder coating at 180°C. Support colour: micaceous dark grey.
